IronGuard™ ornamental steel railing provides a clean classic appearance that is virtually maintenance free.

Pre-welded galvanized powder coated steel panels are more durable than aluminum and are corrosion resistant. UV inhibitors are added to the coating to provide a long lasting finish.

The Exceptional Low Maintenance Steel Railing

Enhance the look of your decks, porches, patios, and balconies

Features & Benefits

- Standard black matte finish
- Perfectly smooth rails on both sides
- Easily adjustable for stairs
- 100% pre-galvanized and powder coated iron
- Easy to install
- Wood or composite posts can add a unique look
- Residential or commercial options
- 20-year manufacturer's warranty

Product Dimensions:

Panel lengths: 6', 8', 10'
Adjustable stair rail: 8'
Panel Height: 34", 40"
Picket: 5/8"
Rail: 1 1/4"
Plated Post: 2"x2"

Brackets mount simply to iron, composite or wood posts for a **no-weld** installation. Panels adjust easily for stair installation. Caps and skirts complete the attractive railing.
